## EDUCATION

---

**B.E. in ECE**, East point Institute of Technology, VTU

2025

## SKILLS

---

|                           |  |
|---------------------------|--|
| <b>Languages</b>          | JavaScript (ES6+), Java, HTML, CSS                           |
| <b>Mobile Development</b> | React Native, Redux  |
| <b>Frontend</b>           | React.js   |
| <b>Backend</b>            | Node.js, Express.js  |
| <b>Database</b>           | MongoDB, MySQL   |
| <b>Tools</b>              | Git, Postman, React Native Debugger, Flipper                 |
| <b>Cloud</b>              | AWS (Basics), Vercel, Netlify                                |
| <b>Soft Skills</b>        | Problem-solving, Ownership, Empathy, Teamwork, Communication |

## INTERNSHIP

---

**Full Stack Developer Intern – Bambhari Pvt Ltd**

May 2025

*Software Development Department*

- Gained hands-on experience in full stack development using the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Collaborated with development and engineering teams on real-world projects to apply and strengthen MERN stack skills.
- Contributed to software development tasks while adhering to company code of conduct, data security, and compliance protocols.
- Participated in feedback sessions and periodic evaluations to improve technical and professional capabilities.

## PROJECTS

---

**Automatic Parking System with Real-Time Booking Application**

Jan 2025

- Developed a web-based parking management system using Python (Flask/Django) for backend and HTML, CSS, JavaScript for frontend.
- Integrated IoT and Arduino to automate parking slot detection and availability updates.
- Enabled real-time slot booking and status updates using IoT sensors, Firebase, and cloud services.

**E-Commerce Website Using Spring Boot**

Oct 2024

- Developed a fully functional shopping website using Core Java for backend and React for frontend development.
- Utilized Spring Boot for efficient model development with focus on scalability, security, and rapid development.
- Implemented RESTful APIs and integrated MySQL for seamless user authentication, product management, and payment processing.

## CERTIFICATIONS

---

- AI with ML in Java Cumulative from Oracle Academy, ORACLE
- Advanced Web Design, IT VEDANT
- Data Engineering in AWS Academy, AWS
